

# PUBLIC LEADER

SIXTH YEAR.

MAYSVILLE, KY., THURSDAY, AUGUST 5, 1897.

ONE CENT.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "hookers" free any more than a merchant can give away his goods for nothing. A newspaper is an advertisement business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## The Continued Call

upon The Leader for free notices have become so numerous that we are forced to publish the following terms:

## For Notices of Deaths

careless, false, or other public entertainments where a fee is charged, and for obituary notices, the rate of respect, etc. The Leader will charge five cents a line, and heretofore this will be the inevitable rule. This, however, is ever.

## Does Not Include

notices of Lodge meetings or Church services, which must not exceed two lines.

## Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for business notices in The Leader is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line notice inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—24 times—the bill is \$12. When he finds it out there is a "kick" and a controversy, followed probably by an icy refusal. Now, to obviate this trouble, no "bill forward" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

✂ All matter for publication must be handed in before 9 o'clock in the morning of each day.

✂ If you have an item of news, please call up THE LEADER, Telephone 35, and send it in.

✂ If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

## RAILROAD MEETINGS.

Ripley Citizens Today Will Meet to Start the Project Moving.

The citizens of Ripley will today hold two meetings, one at 3 p. m. and the other at 8 p. m. in the interest of the Black Diamond Railway.

There will be present from abroad: Hon. William Kirkby, President; Captain W. M. Crawford, Treasurer; Colonel Albert E. Boone, General Manager of the Black Diamond System of Railways, and in addition General J. C. J. Williams of Knoxville, Tenn., all of whom came to this city for the cause, will attend to urge upon the people to give their aid in the construction of this line of railroads.

The people in that part of Ohio and in the lower section of Mason county have signified their willingness to accept the proposition Colonel Boone offered them, and the meetings will doubtless be a success.

It is to be hoped that work will soon begin in the opening up of the system, and that the citizens of towns where a call is extended will do all in their power to secure the proposed road.

## YESTERDAY'S STORM.

## Much Damage Resulted From the Wind and Rain.

## QUEER FEARS OF LIGHTNING.

One of the heaviest storms of the season swept over Mayville yesterday afternoon, and for about an hour the rain literally came down in sheets.

Together with the heavy rain, the wind and lightning were unusually severe, and much damage was done in the city and county.

A number of the cellars of Second street business houses were flooded, the gutters all along the main streets being much too small to carry off the immense volume of water.

Lightning struck the lightning-wires on Mrs. Theo. Lowry's residence on Plum street, completely tearing them off the house.

The large smokestack at the Magnolia Flouring Mills was blown down.

A large tree in the rear of the Clerk's office was blown down, as well as innumerable ones throughout the city.

The new brick gutters were wholly incapable of carrying off the excess of precipitation, which was way above the normal.

Lightning struck the residence of Mrs. Jennie Austin in the Sixth Ward, East of Baseball Park, and made a circle of one of the rooms, tearing off the plastering and scattering pictures over the floor. Not a single occupant of the house was injured, however.

Mr. Robert Picklin lost several valuable fruit trees in the rear of his residence on East Third street.

A great deal of the corn at the Century Infirmary was blown down and broken, while the water from the creek runs through there overflowed and ruined considerable vegetables.

Trees on the lawns of Messrs. H. H. Collins, W. H. Frederick and John Daley in the Sixth Ward were blown down and a great deal of shrubbery destroyed.

At the Electric Park the wind ripped the tent and tore down the dressing room of the Theater, while the rain did everything but carry the Park away.

In the West End, the house of Mr. Allan D. Cole situated on the German town pike, was slightly damaged, a couple of doors being torn off.

The lightning struck the Telephone wires a number of times, threw down the drops at the Exchange, but beyond the crossing of the wires in a number of places no damage resulted.

In the county the crops were flooded and broken by the heavy wind and rain.

Very simple troubles may develop serious results if not properly treated.

## QUiet WEDDING.

Marriage of Miss Lizzie Shepard and Mr. Robert Lane a Pretty Affair.

The society event of the season was the marriage of Miss Elizabeth Shepard, daughter of Mr. and Mrs. William Shepard, to Mr. Robert Lane, a most worthy young man of our city, at the home of the bride on East Fifth street last night.

Promptly at 8:30 o'clock the ceremony which made these two loving hearts one was performed, surrounded by their many friends, who had assembled to witness this happy event.

The bride, who is beautiful of face, looked more than charming in her soft bridal robe of organdie, while the lovely plants, cut flowers and soft light of candles and beautiful lamps added to a scene never to be forgotten by their many friends.

The presents received were handsome and numerous, showing the high appreciation in which this couple is held.
